AIR CONDITIONERS

Designed for maximum efficiency and Energy Star® qualification. Trane Air Conditioners deliver efficiency. In fact, some Trane Air Conditioners are so efficient, they are Energy Star® qualified.

♥ EFFICIENT

MORE STAGES MEAN MORE COMFORT AND EFFICIENCY.

Sometimes you just feel "too hot" or "too cold" between cycles of your system. Having 700 stages nearly eliminates temperature fluctuations. Your system glides along as if on cruise control, barely sipping electricity for much of the day. It also runs at lower speeds for longer periods of time offering:

- Advanced temperature control
- Lower humidity
- Reduced sound
- Enhanced filtration
- Lowest cost per minute

SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ **[Systems Extreme Environmental Test]** lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

WE'RE NOT THE ONLY ONES TALKING ABOUT RELIABILITY.

A CLOSER LOOK

WeatherGuard[™] Zinc-Coated Fasteners for corrosion resistance and longer life because even minor details are what Trane reliability is all about. Integrated Fan System With its unique blade-down design improves airflow, enhances performance and reduces sound levels.

Exclusive All-Aluminum Spine Fin[™] Woven Coil Enhances airflow and heat transfer while resisting corrosion and leaks. They are proven far more reliable than traditional copper and aluminum coils.

ComfortLink[™] II Communicating Control Board Powers the compressor and controls communication between components to optimize your comfort and efficiency.

Simplified Two-Wire Connection allows for easier installation while reducing the need for structural modifications.

DuraTuff[™] Rustproof Basepan won't crack, corrode, rust or warp.

The XV20i shown is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

RUN YOUR HOME FROM WHEREVER LIFE TAKES YOU.

Nexia® allows you to manage your home remotely using most web-enabled mobile devices¹. With just the touch of a button, you can unlock a door, turn on lights, or adjust your heating & cooling from a distance to save you energy. Simply put, Nexia gives you home automation in the most simple and accessible way. All so that you can connect with your home, even when you're not at home.

¹Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia system requires a monthly subscription for remote access via most web-enabled smartphones and computers.
